**Re: *Tennessee Coalition of Rural Incumbent Telephone Companies and Cooperatives Request for Suspension of Wireline to Wireless Number Portability Obligations Pursuant to Section 251(f)(2) of the Communications Act of 1934, as Amended***  
***Docket No. 03-00633***

Dear Chairman Tate:

In filing the Coalition's responses to Verizon's Data Requests on May 27, 2004, the responsive confidential material was left out of the submission to the TRA due to the lack of a Protective Order. Now that a Protective Order has been entered, please accept these fourteen late filed copies of the Confidential material which are attached and filed under seal. In addition, the Coalition needs to update two of its discovery responses to Verizon's Requests.

First, in response to Request No. 1.26, we indicated that Century Tel did not have any "Type1" numbering arrangements. We have since learned that Century Tel of Claiborne, Inc. has "Type 1" numbering arrangements with U. S. Cellular, Tri-State Paging, GTE Mobile Net, and Eloqui Wireless.

Second, we need to substitute the cost worksheet we submitted for Loretto with the correct worksheet that is attached to this letter.

We have already notified counsel for the Intervenor of these supplements under cover of a letter dated June 10, 2004. Thank you for your assistance with this matter.

Sincerely,

  
Tara L. Swafford
